## ENVIRONMENTAL POLICY

Cherry Drainage Pipes Limited is a supplier of plastic drainage products to the construction industry.

We recognise that our activities, products and services have an impact on the environment and are committed to minimising and controlling these impacts where possible.

To facilitate this, an environmental management system will be integrated into the existing management systems of the business.

It is the policy of Cherry Drainage Pipes Limited to adopt measures to:

- Comply with all Legal and Other Requirements
- Prevent pollution through effective waste management and efficient resource use
- Continually improve environmental performance by setting realistic objectives and targets
- Ensure that this policy is communicated to all employees and persons working for or on behalf of the company
- Ensure that this policy is available to customers, suppliers, contractors and the wider public
- Review this policy and environmental performance annually
